SUMMER PRAYER DIARY

# SUMMER PRAYER DIARY 2025

“Always give yourselves fully to the work of the Lord, because you know that your labour in the Lord is not in vain”

1 CORINTHIANS 15:58

A work opportunity that comes to nothing, a DIY project which results in a bigger problem, even a couple of hours watching your team's dismal performance - 'what a waste of time'. It's so frustrating when time is such a precious commodity. We want to put our hands to something which counts, matters, lasts.

That desire is one that God wonderfully fulfils for his people. Whilst others talk about their 'legacy' - what they'll leave their family, friends, even the world - this summer we are invited, as brothers and sisters of the risen Lord Jesus, to engage in meaningful labour for him.

For some of us that may mean donning aprons in the kitchens at camp, for others coming to serve on one of the other volunteer teams. For many of us it

may mean rolling up our spiritual sleeves and using what follows in these pages to get down to the business of prayer.

Whatever our role, wherever our geographical location, ours is the privilege this summer of giving ourselves to something which, by God's grace, will last. The legacy won't be ours, or the Titus Trust's or any camp group, but the Lord Jesus's.

None of us will need to look back on a summer thinking 'what a waste of time'. Rather, we can look forward to the satisfaction of knowing that we gave ourselves fully to the Lord's work, whatever that looked like for each of us. We may or may not see the visible fruit of our labours this summer, but we can trust his promise that it won't be in vain! So thank you for labouring with us for his sake.

# SUMMER GIVING CAMPAIGN

**Did you know 620,000 children attend independent schools? Such a large mission field and even bigger when we include the state schools with whom we have links.**

Thank you for praying for a significant faith moment this summer for all attendees, from campers to volunteers! This work is urgent, and your prayers are invaluable. We also invite you to consider extending your gospel partnership by making a donation or increasing your regular gift. Last year's giving enabled nearly 1,500 campers and assistant leaders to hear the Gospel.

Donations received between June and September from alumni leaders, parents, teachers, campers, and other supporters are crucial, forming the bulk of our summer giving. This pivotal period determines our financial stability into 2026. **With over half a million children to reach, your donation is vital to sustain our work.**

## THE DIFFERENCE GIVING MAKES

**We simply wouldn't be able to put on these summer camps for Jesus to be proclaimed, without the financial gifts our partners give.** To ensure accessibility and affordability for all, we offer the chance to apply for a bursary. Given the socio-economic diversity of the independent sector, we strive to enable participation from all communities.

Donations not only support attendance but also enable the year round work to take place. The work of reaching parents and connecting with schools, teachers and students is crucial. We also provide ongoing training for young adults as they transition to university, travel, apprenticeships and other life stages. This continues to build them up in the word of life throughout these changing times.

## YOUR GIVING

Would you consider praying through these options:

**Giving a special one off gift?**

**Setting up a regular gift?**

**Increasing a regular gift?**

**Giving a once-in-a-lifetime gift?**

**Once-in-a-lifetime gifts.** If you are in the position to give a larger gift or leave a legacy - please get in touch. We would like to sustain the bursary fund, expand into the South-West and North-East, and grow our training. **Your partnership will make a lasting difference.**

In whatever way you choose to give, thank you for your partnership in the Gospel.

# A QUIET REVIVAL?

**“Always be prepared to give an answer to everyone who asks you to give the reason for the hope that you have. But do this with gentleness and respect...”**

**1 PETER 3:15-16**

Reports and polls in recent days have highlighted the resurgent spiritual interest among Gen Z and Gen Alpha. Most prominent has been the Bible Society’s ‘Quiet Revival’. We noticed a change when returning to visiting schools after the Covid years. Before we’d often encounter “Richard Dawkins

says...” and a generation believing the new atheists held all the cards. To say that Covid was responsible for a spiritual reset might be to overstate the case and there’s plenty of hard and stony ground still out there. What’s more, a resurgent interest in spirituality is not the same as people coming to true Christian faith. But the numbers of people going to church has clearly and dramatically increased and 34% of 18-35 year olds said they’d be interested in going to church if invited by a friend<sup>1</sup>.

We see something of this shift in schools where CUs are bigger than for many years, or more pupils regularly attending

---

1 The Quiet Revival – Dr Rhiannon McAleer and Dr Rob Barward-Symmons; The Bible Society

Bible studies, or exploring Christianity for themselves on TikTok.

Perhaps there's a danger that we find ourselves lagging behind the curve, still caught in the bunker mentality of the past, rather than ready to give a reason for the hope we have? We want to encourage the upcoming generation on our holidays to make the most of that. So one thing LR have planned is 'the Great Giveaway' - a series of seminars for professing teenagers to give them greater confidence in sharing the best news of the world in the context of school. Yes, it must be done with gentleness and respect, and Peter suggests that it is the quiet witness of a godly life which will provoke this kind of enquiry of believers in the first place.

This summer's camps give amazing opportunities for young people to ask their questions, hear the good news of Jesus, see him at work shaping the lives of his people, and in time we pray, respond to his call on their lives.

For many unchurched young people it may be that the obstacles they need to overcome to head through the doors of a church are still too high, even if invited by a friend. But joining them to hear a speaker at school over lunch, coming to a meeting after prep in the evening - the obstacles are fewer. For those willing to accept an invitation, the opportunities afforded by a week on camp are greater still. So I'm excited by the present - young people are more spiritually curious than for a long time and both schools and camps based ministry provide wonderful opportunities for them to begin to find out about the only one who can truly satisfy the longings of our souls.
